

Zoot Metro

Built for bigger people,
approved to carry two

- ✓ Powerful 2 Stroke Engine
- ✓ LED Headlight & Taillight
- ✓ Longer Wheelbase
- ✓ No Special Licence Required*
- ✓ 24 Months Warranty**

Total Cost \$

A large and visually impressive 50cc Scooter, "a real presence on the road" is a common observation. Originally designed as a 125cc Scooter, the new Metro has been reworked with the latest 2 stroke engine technology so you don't need a special licence** to ride one.

With plenty of under seat storage and room to fit a full face helmet (when optional carry box is fitted) and the ability to comfortably seat people with a larger frame or longer legs, the new Zoot Metro has no rival.

Super bright LED Headlight & Taillight make sure you are easily seen by other road users, easy to read well laid out instrument panel, extra-long wheelbase and disc brakes all round are just a few of the reasons this is our most popular model.

Zoot Metro Model Specifications
